THE

EDUCATIONAL DIRECTORY;

A SUPPLEMENT TO

THE LITERARY GAZETTE.

INTRODUCTORY ADDRESS.

THE EDUCATIONAL DIRECTORY is intended to form the most reliable and comprehensive Book of Reference on Educational Matters ever offered to the public. It will be a storehouse of facts—local, personal, and statistical—embracing every public and private institution of ALL DENOMINATIONS, in which the education of the YOUTH OF BOTH SEXES is undertaken, and, in its present form, will be the foundation of a work which, when completed, will be A PERFECT GUIDE-BOOK TO PARENTS AND GUARDIANS, and the best means of making public the various items of information respecting Colleges, Schools, and Similar Establishments which their GOVERNORS and PRINCIPALS can desire.

The plan adopted is based upon the usages of our public schools, but will be found equally applicable to every private establishment. For the present THE EDUCATIONAL DIRECTORY Supplements will be issued with THE LITERARY GAZETTE on the Second and Fourth Saturdays of each month. The details of the Schools are being gathered in large numbers; but to wait until the whole have been received, would be to postpone the work indefinitely; they are, therefore, being printed as they come to hand, under their local situations; and to render them easy of access, an index of places and persons mentioned will be appended every half-year. When the work is completed in this form, it is proposed that the whole shall be carefully revised, alphabetically arranged, and issued in a yearly volume, which will be supplied to annual Subscribers to THE LITERARY GAZETTE at a considerable reduction from the publishing price.

The information contained in THE EDUCATIONAL DIRECTORY is supplied direct from the Heads of Colleges and Schools, by a personal application to each individual Principal of such establishments, at an amount of labour and expense that can only be estimated by those accustomed to such undertakings. Among its principal features, the following particulars may be included:—

The name of each College, School, or Educational Establishment.
Its correct Address and nearest Post-town.
The name of the Founder, date of Foundation, and year in which modifications of the original plan have been adopted.
The Names of the Visitors, Patrons, and Governors.
Its Income (if endowed) in the present year.
Particulars of the value and place at which all Fellowships, Scholarships, and Exhibitions attached are tenable, and for what period.
The Names and Descriptions, Degrees (if graduates), Preferments (if any), held by each of the Masters, and a list of the Works of such as have published books on any subject.
The number of Scholars, free or contributory, at school in the present year.
Limits of Pupils' Ages.
The Annual Cost of each Pupil in School Fees and Board.
The Course of Instruction afforded.
Length and Seasons of the Vacations.
Lists of Pupils who have distinguished themselves by gaining Fellowships, Scholarships, Exhibitions, or passed Competitive Examinations for Appointments in the Army, Navy, Civil Service, &c., during 1859-60.

Means have been taken to secure the COPYRIGHT of THE EDUCATIONAL DIRECTORY, both in its Title and Contents; and although permission will be at all times freely granted, to those who may apply for it, to use any of the statements inserted, yet all infringements of the Property accumulated with such care and outlay will meet with immediate repression.

The Editor has determined that neither pains nor expense shall be wanting to merit a continuance of the zealous co-operation already afforded; which it is hoped will be yet further extended by every Principal of a College or School, who approves of the undertaking, mentioning to those similarly engaged, the nature and objects of THE EDUCATIONAL DIRECTORY.

Forms of return for the above, together with those for Subscribers and Advertisers, are ready, and may be had on application either personally or by letter addressed to "THE EDITOR OF THE EDUCATIONAL DIRECTORY, LITERARY GAZETTE OFFICE, 4, CATHERINE STREET, STRAND, LONDON, W.C."

No. I.

(1) DURHAM GRAMMAR SCHOOL.—**Founded** by King Henry VIII., A.D., 1541. **Visitors**—The Dean and Chapter of Durham. **Fellowships, Scholarships, and Exhibitions, attached**—There are eighteen King's Scholarships of the annual value of nearly £40 (£30 in money, besides exemption from classical fees), tenable at the school for four years, to which period a fifth year is, if required, added by the Dean. The Dean and Chapter fill up the vacancies every year, on the first Saturday after the 20th of November, by examination; and any one under 15 years of age, whether previously at the school or not, is admissible as a candidate, provided always that his parents are not in *wealthy* circumstances. The following Scholarships and Exhibitions are attached to the school at the Universities:—Two Scholarships of £15 a year each, founded by Dr. Hartwell, Canon of Durham, and tenable at any college or hall at Oxford or Cambridge; five Scholarships of £10 a year each, founded by Bishop Cosin, at St. Peter's College, Cambridge; six exhibitions of £10 a year each, at St. John's College, Cambridge; one Scholarship at Emmanuel College, Cambridge, of £16 a year, for which a preference is given to Durham and Newcastle Schools; one scholarship of £30 a-year at the University of Durham; one scholarship of £15 a-year at the University of Durham; one exhibition of £40 a-year, founded by Ralph Lindsay, Esq. THE

EDUCATIONAL DIRECTORY;

A SUPPLEMENT TO

THE LITERARY GAZETTE.

INTRODUCTORY ADDRESS.

THE EDUCATIONAL DIRECTORY is intended to form the most reliable and comprehensive Book of Reference on Educational Matters ever offered to the public. It will be a storehouse of facts—local, personal, and statistical—embracing every public and private institution of ALL DENOMINATIONS, in which the education of the YOUTH OF BOTH SEXES is undertaken, and, in its present form, will be the foundation of a work which, when completed, will be A PERFECT GUIDE-BOOK TO PARENTS AND GUARDIANS, and the best means of making public the various items of information respecting Colleges, Schools, and Similar Establishments which their GOVERNORS and PRINCIPALS can desire.

The plan adopted is based upon the usages of our public schools, but will be found equally applicable to every private establishment. For the present THE EDUCATIONAL DIRECTORY Supplements will be issued with THE LITERARY GAZETTE on the Second and Fourth Saturdays of each month. The details of the Schools are being gathered in large numbers; but to wait until the whole have been received, would be to postpone the work indefinitely; they are, therefore, being printed as they come to hand, under their local situations; and to render them easy of access, an index of places and persons mentioned will be appended every half-year. When the work is completed in this form, it is proposed that the whole shall be carefully revised, alphabetically arranged, and issued in a yearly volume, which will be supplied to annual Subscribers to THE LITERARY GAZETTE at a considerable reduction from the publishing price.

The information contained in THE EDUCATIONAL DIRECTORY is supplied direct from the Heads of Colleges and Schools, by a personal application to each individual Principal of such establishments, at an amount of labour and expense that can only be estimated by those accustomed to such undertakings. Among its principal features, the following particulars may be included:—

The name of each College, School, or Educational Establishment.
Its correct Address and nearest Post-town.
The name of the Founder, date of Foundation, and year in which modifications of the original plan have been adopted.
The Names of the Visitors, Patrons, and Governors.
Its Income (if endowed) in the present year.
Particulars of the value and place at which all Fellowships, Scholarships, and Exhibitions attached are tenable, and for what period.
The Names and Descriptions, Degrees (if graduates), Preferments (if any), held by each of the Masters, and a list of the Works of such as have published books on any subject.
The number of Scholars, free or contributory, at school in the present year.
Limits of Pupils' Ages.
The Annual Cost of each Pupil in School Fees and Board.
The Course of Instruction afforded.
Length and Seasons of the Vacations.
Lists of Pupils who have distinguished themselves by gaining Fellowships, Scholarships, Exhibitions, or passed Competitive Examinations for Appointments in the Army, Navy, Civil Service, &c., during 1859-60.

Means have been taken to secure the COPYRIGHT of THE EDUCATIONAL DIRECTORY, both in its Title and Contents; and although permission will be at all times freely granted, to those who may apply for it, to use any of the statements inserted, yet all infringements of the Property accumulated with such care and outlay will meet with immediate repression.

The Editor has determined that neither pains nor expense shall be wanting to merit a continuance of the zealous co-operation already afforded; which it is hoped will be yet further extended by every Principal of a College or School, who approves of the undertaking, mentioning to those similarly engaged, the nature and objects of THE EDUCATIONAL DIRECTORY.

Forms of return for the above, together with those for Subscribers and Advertisers, are ready, and may be had on application either personally or by letter addressed to "THE EDITOR OF THE EDUCATIONAL DIRECTORY, LITERARY GAZETTE OFFICE 4, CATHERINE STREET, STRAND, LONDON, W.C."

Patrons and Visitors—The Master and Fellows of St. John's Coll., Camb. Income from Endowments in 1860—£1,000 *per annum*. Scholarships attached: This School was, in the year 1525, endowed by its Founder with five Scholarships at St. John's College, Cambridge, and these, in accordance with a recent decision of the Cambridge University Commissioners (to whom the case was referred by the authorities of the College and the School), have now been commuted Exhibitions. This change is a great advantage to the School on three accounts: First, because the sum now to be received by the Exhibitioners is definite in amount, and much larger than that formerly paid by St. John's College to Scholars on the original foundation; secondly, because these Exhibitions are now to be awarded to the most deserving Scholars of the School, without any local or family preference, which was not the case with the original Scholarships; and thirdly, because the Exhibitions are tenable with any other College Emoluments whatever, so that whereas a Pocklington Scholar could hold neither a College Scholarship nor a Sizarship, a Pocklington Exhibitioner may hold additionally a College Scholarship (henceforth to be worth £50 a-year), or any other Exhibition or Exhibitions, Scholarship or Sizarship, to which his merit may entitle him. THE

EDUCATIONAL DIRECTORY;

A SUPPLEMENT TO

THE LITERARY GAZETTE.

INTRODUCTORY ADDRESS.

THE EDUCATIONAL DIRECTORY is intended to form the most reliable and comprehensive Book of Reference on Educational Matters ever offered to the public. It will be a storehouse of facts—local, personal, and statistical—embracing every public and private institution of ALL DENOMINATIONS, in which the education of the YOUTH OF BOTH SEXES is undertaken, and, in its present form, will be the foundation of a work which, when completed, will be A PERFECT GUIDE-BOOK TO PARENTS AND GUARDIANS, and the best means of making public the various items of information respecting Colleges, Schools, and Similar Establishments which their GOVERNORS and PRINCIPALS can desire.

The plan adopted is based upon the usages of our public schools, but will be found equally applicable to every private establishment. For the present THE EDUCATIONAL DIRECTORY Supplements will be issued with THE LITERARY GAZETTE on the Second and Fourth Saturdays of each month. The details of the Schools are being gathered in large numbers; but to wait until the whole have been received, would be to postpone the work indefinitely; they are, therefore, being printed as they come to hand, under their local situations; and to render them easy of access, an index of places and persons mentioned will be appended every half-year. When the work is completed in this form, it is proposed that the whole shall be carefully revised, alphabetically arranged, and issued in a yearly volume, which will be supplied to annual Subscribers to THE LITERARY GAZETTE at a considerable reduction from the publishing price.

The information contained in THE EDUCATIONAL DIRECTORY is supplied direct from the Heads of Colleges and Schools, by a personal application to each individual Principal of such establishments, at an amount of labour and expense that can only be estimated by those accustomed to such undertakings. Among its principal features, the following particulars may be included:—

The name of each College, School, or Educational Establishment.
Its correct Address and nearest Post-town.
The name of the Founder, date of Foundation, and year in which modifications of the original plan have been adopted.
The Names of the Visitors, Patrons, and Governors.
Its Income (if endowed) in the present year.
Particulars of the value and place at which all Fellowships, Scholarships, and Exhibitions attached are tenable, and for what period.
The Names and Descriptions, Degrees (if graduates), Preferments (if any), held by each of the Masters, and a list of the Works of such as have published books on any subject.
The number of Scholars, free or contributory, at school in the present year.
Limits of Pupils' Ages.
The Annual Cost of each Pupil in School Fees and Board.
The Course of Instruction afforded.
Length and Seasons of the Vacations.
Lists of Pupils who have distinguished themselves by gaining Fellowships, Scholarships, Exhibitions, or passed Competitive Examinations for Appointments in the Army, Navy, Civil Service, &c., during 1859-60.

Means have been taken to secure the COPYRIGHT of THE EDUCATIONAL DIRECTORY, both in its Title and Contents; and although permission will be at all times freely granted, to those who may apply for it, to use any of the statements inserted, yet all infringements of the Property accumulated with such care and outlay will meet with immediate repression.

The Editor has determined that neither pains nor expense shall be wanting to merit a continuance of the zealous co-operation already afforded; which it is hoped will be yet further extended by every Principal of a College or School, who approves of the undertaking, mentioning to those similarly engaged, the nature and objects of THE EDUCATIONAL DIRECTORY.

Forms of return for the above, together with those for Subscribers and Advertisers, are ready, and may be had on application either personally or by letter addressed to "THE EDITOR OF THE EDUCATIONAL DIRECTORY, LITERARY GAZETTE OFFICE, 4, CATHERINE STREET, STRAND, LONDON, W.C."

THE

EDUCATIONAL DIRECTORY;

A SUPPLEMENT TO

THE LITERARY GAZETTE.

THE EDUCATIONAL DIRECTORY is intended to form the most reliable and comprehensive Book of Reference on Educational Matters ever offered to the public. It will be a storehouse of facts—local, personal, and statistical—embracing every public and private institution of ALL DENOMINATIONS, in which the education of the YOUTH OF BOTH SEXES is undertaken, and, in its present form, will be the foundation of a work which, when completed, will be A PERFECT GUIDE-BOOK TO PARENTS AND GUARDIANS, and the best means of making public the various items of information respecting Colleges, Schools, and Similar Establishments which their GOVERNORS and PRINCIPALS can desire.

The plan adopted is based upon the usages of our public schools, but will be found equally applicable to every private establishment. For the present THE EDUCATIONAL DIRECTORY Supplements will be issued with THE LITERARY GAZETTE on the Second and Fourth Saturdays of each month. The details of the Schools are being gathered in large numbers; but to wait until the whole have been received, would be to postpone the work indefinitely; they are, therefore, being printed as they come to hand, under their local situations; and to render them easy of access, an index of places and persons mentioned will be appended every half-year. When the work is completed in this form, it is proposed that the whole shall be carefully revised, alphabetically arranged, and issued in a yearly volume, which will be supplied to annual Subscribers to THE LITERARY GAZETTE at a considerable reduction from the publishing price.

The information contained in THE EDUCATIONAL DIRECTORY is supplied direct from the Heads of Colleges and Schools, by a personal application to each individual Principal of such establishments, at an amount of labour and expense that can only be estimated by those accustomed to such undertakings. Among its principal features, the following particulars may be included :—

The name of each College, School, or Educational Establishment.
Its correct Address and nearest Post-town.
The name of the Founder, date of Foundation, and year in which modifications of the original plan have been adopted.
The Names of the Visitors, Patrons, and Governors.
Its Income (if endowed) in the present year.
Particulars of the value and place at which all Fellowships, Scholarships, and Exhibitions attached are tenable, and for what period.
The Names and Descriptions, Degrees (if graduates), Preferments (if any), held by each of the Masters, and a list of the Works of such as have published books on any subject.
The number of Scholars, free or contributory, at school in the present year.
Limits of Pupils' Ages.
The Annual Cost of each Pupil in School Fees and Board.
The Course of Instruction afforded.
Length and Seasons of the Vacations.
Lists of Pupils who have distinguished themselves by gaining Fellowships, Scholarships, Exhibitions, or passed Competitive Examinations for Appointments in the Army, Navy, Civil Service, &c., during 1859-60.

Means have been taken to secure the COPYRIGHT of THE EDUCATIONAL DIRECTORY, both in its Title and Contents; and although permission will be at all times freely granted, to those who may apply for it, to use any of the statements inserted, yet all infringements of the Property accumulated with such care and outlay will meet with immediate repression.

The Editor has determined that neither pains nor expense shall be wanting to merit a continuance of the zealous co-operation already afforded; which it is hoped will be yet further extended by every Principal of a College or School, who approves of the undertaking, mentioning to those similarly engaged, the nature and objects of THE EDUCATIONAL DIRECTORY.

Forms of return for the above, together with those for Subscribers and Advertisers, are ready, and may be had on application either personally or by letter addressed to "THE EDITOR OF THE EDUCATIONAL DIRECTORY, LITERARY GAZETTE OFFICE, 4, CATHERINE STREET, STRAND, LONDON, W.C."

THE

EDUCATIONAL DIRECTORY;

A SUPPLEMENT TO

THE LITERARY GAZETTE.

THE EDUCATIONAL DIRECTORY is intended to form the most reliable and comprehensive Book of Reference on Educational Matters ever offered to the public. It will be a storehouse of facts—local, personal, and statistical—embracing every public and private institution of ALL DENOMINATIONS, in which the education of the YOUTH OF BOTH SEXES is undertaken, and, in its present form, will be the foundation of a work which, when completed, will be A PERFECT GUIDE-BOOK TO PARENTS AND GUARDIANS, and the best means of making public the various items of information respecting Colleges, Schools, and Similar Establishments which their GOVERNORS and PRINCIPALS can desire.

The plan adopted is based upon the usages of our public schools, but will be found equally applicable to every private establishment. For the present THE EDUCATIONAL DIRECTORY Supplements will be issued with THE LITERARY GAZETTE on the Second and Fourth Saturdays of each month. The details of the Schools are being gathered in large numbers; but to wait until the whole have been received, would be to postpone the work indefinitely; they are, therefore, being printed as they come to hand, under their local situations; and to render them easy of access, an index of places and persons mentioned will be appended every half-year. When the work is completed in this form, it is proposed that the whole shall be carefully revised, alphabetically arranged, and issued in a yearly volume, which will be supplied to annual Subscribers to THE LITERARY GAZETTE at a considerable reduction from the publishing price.

The information contained in THE EDUCATIONAL DIRECTORY is supplied direct from the Heads of Colleges and Schools, by a personal application to each individual Principal of such establishments, at an amount of labour and expense that can only be estimated by those accustomed to such undertakings. Among its principal features, the following particulars may be included:—

The name of each College, School, or Educational Establishment.
Its correct Address and nearest Post-town.
The name of the Founder, date of Foundation, and year in which modifications of the original plan have been adopted.
The Names of the Visitors, Patrons, and Governors.
Its Income (if endowed) in the present year.
Particulars of the value and place at which all Fellowships, Scholarships, and Exhibitions attached are tenable, and for what period.
The Names and Descriptions, Degrees (if graduates), Preferments (if any), held by each of the Masters, and a list of the Works of such as have published books on any subject.
The number of Scholars, free or contributory, at school in the present year.
